

Letter 2

Dear Prep,

Thank you for telling me where my dog might be but I still have not found him!

My sister was angry with me. She said that I should shut the gate carefully.

I told my friend Kim about my dog. Kim is my best friend and she likes my dog.

Kim says we should play a game and pretend to be trekking through a forest looking for creatures. We might find my dog.

From
Sam

P.S. Can you explain a game to me that you play that could help me find my dog? How do you play your game?
