Dear Prep,

What an incredible list of suggestions! Your ideas were so good that Kim and I were confused about what we should try first. Then I remembered.

Did I tell you about my big brother? His name is Ben and the thing he likes to do best is go fishing with his friend Tom. They have a tent and a little boat with a motor on the back.

A few days ago, Ben and Tom went to a new fishing spot near a river a long way from home. My dog Bowser loves to swim in rivers so Ben took Bowser with him. Now I know why his lead was missing!

Ben, Tom and Bowser came back today. Bowser was muddy and smelly. He wagged his tail and smiled a big doggy smile when I patted him. I was so happy to see my dog again.

That is what happened, and that is how the story ended.

Sam

P.S. Have you ever found something special that you thought you had lost?
