

## **10s Song**

**(to the tune of *The Battle Hymn of the Republic*)**

One 10 looks like a one and a zero

Ten!

Two 10s look like a two and a zero

Twenty!

Three 10s look like a three and a zero

Thirty!

Oh, how we love the number ten.

Ten, twenty, thirty, forty

Fifty, sixty, seventy, eighty

Ninety, one hundred

It just goes on and on.

Four 10s look like a four and a zero

Forty!

Five 10s look like a five and a zero

Fifty!

Six 10s look like a six and a zero

Sixty!

Oh, how we love the number ten.

Ten, twenty, thirty, forty

Fifty, sixty, seventy, eighty

Ninety, one hundred

It just goes on and on.

Seven 10s look like a seven and a zero

Seventy!

Eight 10s look like an eight and a zero

Eighty!

Nine 10s look like a nine and a zero

Ninety!

Oh, how we love the number ten.

Ten, twenty, thirty, forty

Fifty, sixty, seventy, eighty

Ninety, one hundred

It just goes on and on.

Ten 10s look like a ten and a zero  
One hundred!  
Can you see the pattern?  
You can do it in your head  
When you multiply by ten, you put a zero on the end  
Oh, how we love the number ten.

Ten, twenty, thirty, forty  
Fifty, sixty, seventy, eighty  
Ninety, one hundred  
It just goes on and on  
It just goes on and on.
