

1s Song

(to the tune of *On top of Old Smokey*)

Multiply numbers by number one,
You'll get the same number,
It's so easy and fun.

One 1 is one, yes,
Two 1s are two,
Three 1s are three,
And four 1s are four.

Five 1s are five, yes,
Six 1s are six,
Seven 1s are seven,
And eight 1s are eight.

Nine 1s are nine, yes,
Ten 1s are ten,
There's nothing so easy,
We might sing it again.
