

6s Song

(to the tune of *Oh My Darling, Clementine*)

Oh, my darling
Oh, my darling
Oh, my darling number six
When I try to multiply you
Oh, I'm never in a fix.

One 6 is number six
And two 6s are 12
Three 6s are 18
Number six, you're kind of swell.

Four 6s are 24
Five 6s are 30
Six 6s are 36
Number six, you're such a beauty.

Seven 6s are 42
Eight 6s are 48
Nine 6s are 54
Number six, you're truly great.

Ten 6s are 60
Don't tell me it's the end
Give me ticks for number six
And let me multiply again.
