

Crocodile bites: the 'greater than, less than' song
(to the tune of *Whiskey in the jar*)

I don't know a crocodile with a greater hunger.
You can only fill me up with a greater number.
So I don't need a menu, no I don't need a waiter,
When I see two numbers, I only eat the greater!

CHORUS

Greater than, less than, greater than! (*chomp, chomp, chomp, chomp*)

It's all the same, you know! (*chomp, chomp*)

Whichever way I go,

I'll eat the greater number.

Here's a four, here's a seven... seven see you later! (*chomp*)

A seven and a four... (*chomp*) The seven's greater!

A ten and a seven... They both look delicious! (*chomp*)

A greater number is yummier than fishes!
