

## Letter from Gumnut: Needs

Hi,

I just wanted to say hello and thank you again for looking after my special friends.

Have you worked out what they need to stay alive?

I am visiting lots of interesting places and meeting lots of other animals along the way.

I am keeping my eyes open for somewhere else just like my old home, but nothing seems quite right so far.

I will let you know if I find somewhere.

Thank you again,

From Gumnut
